PREMIUM TRAVERSE SYSTEM FEATURES

- Hand-draw traverse rods are available in 1" & 1.5" diameters, and 4' & 8' lengths. Reversible one-way draw traverse options available
- Hand-draw traverse adds the utility of full drapery movement across the entire rod due to specially-designed top-mount brackets.
- 1" and 1.5" rods include rust-proof roller glides for smooth and easy movement of draperies.
- One-way hand-draw traverse rod systems includes 16 glides for 4' rods and 32 glides for 8' rods, one master carrier with arm and two end stops.
- One-way draw features reversible master carrier arm so that draw can either be from the left side or the right side.
- The use of a wand is strongly recommended for traverse rods.
- Use a splice to connect two traverse rods together.
